There has been some exciting times at Orchard Primary and Nursery School over the past term with plenty of sport competitions, events and fixtures. A special sports edition has been made especially for you. So without further ado, lets begin!

### Action Shots of Orchard World Cup Fundraising Week and Potted Sports

#### World Cup Fund Raising Week

A fantastic week of footballing activities for all children at Orchard. They learnt new skills in shooting, passing, dribbling and most importantly working as a team! This promoted the upcoming Russia World Cup and raised money to improve our outdoor facilities. It saw children throughout take part in different circuit style activities earning points for their house. This added up to an overall total, making Cherry our Orchard's World Cup Winners!

#### Potted Sports Days

Our annual Potted Sports Day took place on the 7<sup>th</sup> June. This involved all children taking part in a carousel of multi-skills. Each house had a number of teams consisting of RC upto Y6s scoring as many points as possible. It ran smoothly and all children had fun. Again, it was very close with the overall scores crowning Cherry as the Potted Sports Day Winners! Congratulations to Cherry and well done to Plum, Apple and Pear.
